

**“We’re Giving Data A Voice”**

## Enterprise Hosted PBX Solution

**Go Green - A Solution Where Everyone Wins  
Reduce Your Overall Carbon Footprint, Create a  
Positive Impact for Your Organization & the  
Environment**

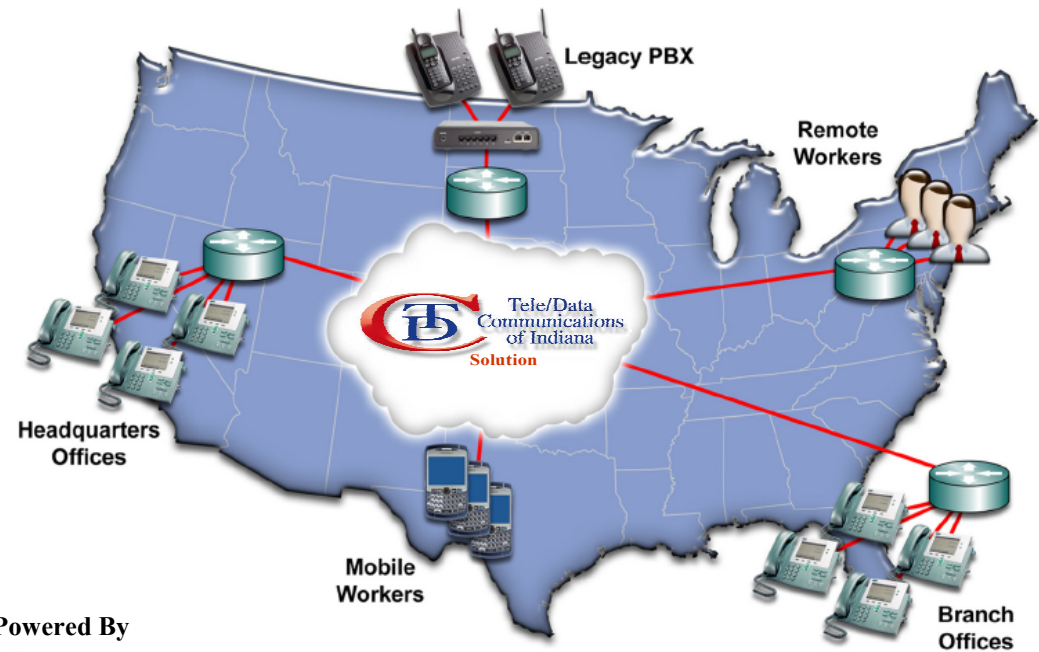

### Going Green with Hosted IP The Right Choice

#### Less Infrastructure

- A converged network makes use of your existing MPLS infrastructure to provide voice services

#### Less Waste

- Elimination of on site equipment reduces power consumption
- Avoiding technology obsolescence reduces the amount of metal and hazardous electronic components in landfills
